APPENDIX B
FAILURE MODE DISTRIBUTION SOURCES

Component failure mode distribution information is available from a variety of sources. Many FMECA's are accomplished with failure mode distributions based on a compilation of in-house failure analysis from actual field failure returns. This type of information is typically a better indicator of field performance than the generic data found in published sources. Most often, data specific to an exact part type or exact part number item can not be obtained. In these cases, published literature should be used as sources for generic failure mode distribution data. Some are listed here:
