2000 Registrar Buyers Guide

by **Brandi Floberg**
and **Laurel Thoennes**

Welcome to *Quality Digest's* 2000 Registrar Buyers Guide. This one-stop guide serves as an excellent starting point in your journey toward compliance and registration.

The guide consists of a directory of ISO 9000, QS-9000, TE Supplement, AS9000, ISO 14001, CE Mark and TL 9000 registrars, as well as a matrix that lists each company, the standards accredited to certify and the primary industries each company serves. [The matrix, which is a Acrobat version 4 PDF file, can be download by clicking here.](#) The directory includes the company's name, contact person, address, phone and fax numbers, a Web address, and a brief description of the company and the services it provides. All of the included information was provided by the registrars.

As with all *Quality Digest* guides, the 2000 Registrar Buyers Guide is in no way meant to endorse or exclude any particular organization. Rather, it's meant to be used as the starting point in the data-gathering process. Readers are encouraged to contact the companies directly for more information and to ask for--and check--references.

We appreciate any feedback on our buyers guides. If you have a suggestion for how we can improve this buyers guide for next year, e-mail it to buyersguide@qualitydigest.com.

ABS Quality Evaluations Inc.

- Contact: Sales services
- 16855 Northchase Drive
- Houston, TX 77060
